

# Topic 1: Social Bots

Worksheet: 2 basic – Case Study One

## Bot or Not?

Is that a real  
account or a  
Social Bot?

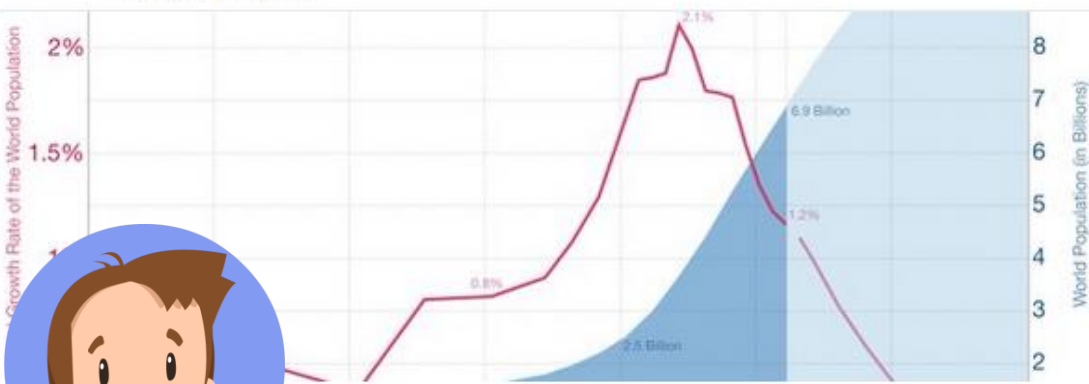

Now it is your turn! Prove that you are a real Social Bot – Detective by collecting clues if the account below is a Social Bot or an account from a real person. Use the checklist from the previous worksheet (below) in order to provide a final verdict if the account is real or not!

---

*Checklist:*

1. How trustworthy is the account?
  2. What does the profile description reveal?
  3. How often does the account post?
  4. How fast does the account react?
  5. How does the account react to contextual questions?
  6. How does the account write?
  7. Do research!
